**Subject: Diversion of forest land for non-forest purposes under the Forest (Conservation) Act, 1980 - ensuring compliance of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act 2006.**

Sir,

I am directed to invite the attention of the State Government to the operationalization of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 which has become effective from 01.01.2008. It is observed that the proposals under the Forest (Conservation) Act, 1980 are being received from different states/UT Governments with the submission that the settlement of rights under Forest Rights Act, 2006 (FRA) will be completed later on.

Accordingly, to formulate unconditional proposals under the Forest (Conservation) Act, 1980, the State/UT Governments are, wherever the process of settlement of Rights under the FRA has been completed or currently under process, required to enclose evidences for having initiated and completed the above process, especially among other sections, Sections 3(1)(i), 3(1)(e) and 4(5). These enclosures of evidence shall be in the form of following:

- a. A letter from the State Government certifying that the complete process for identification and settlement of rights under the FRA has been carried out for the entire forest area proposed for diversion, with a record of all consultations and meetings held;
- b. A letter from the State Government certifying that proposals for such diversion (with full details of the project and its implications, in vernacular / local languages) have been placed before each concerned Gram Sabha of forest-dwellers, who are eligible under the FRA;
- c. A letter from each of the concerned Gram Sabhas, indicating that all formalities/processes under the FRA have been carried out, and that they have given their consent to the proposed diversion and the compensatory and ameliorative measures if any, having understood the purposes and details of proposed diversion.

- d. A letter from the State Government certifying that the diversion of forest land for facilities managed by the Government as required under section 3(2) of the FRA have been completed and that the Gram Sabhas have consented to it.
- e. A letter from the State Government certifying that discussions and decisions on such proposals had taken place only when there was a quorum of minimum 50% of members of the Gram Sabha present;
- f. Obtaining the written consent or rejection of the Gram Sabha to the proposal.
- g. A letter from the State Government certifying that the rights of Primitive Tribal Groups and Pre-Agricultural Communities, where applicable, have been specifically safeguarded as per section 3(1)(e) of the FRA.
- h. Any other aspect having bearing on operationalisation of the FRA.

The State/UT Governments, where process of settlement of Rights under the FRA is yet to begin, are required to enclose evidences supporting that settlement of rights under FRA 2006 will be initiated and completed before the final approval for proposals.

This is issued with the approval of Minister of Environment and Forests.

**Subject: Implementation of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 - guidelines regarding.**

Sir,

As you are aware, the historic legislation “The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act “ had been enacted in 2006 with the objective of remedying the historical injustice to the forest dwelling Scheduled Tribes and other traditional forest dwellers of the country. However, even after lapse of more than four years of its implementation, the Ministry has observed that the flow of intended benefits of this welfare legislation to the eligible forest dwellers remains constrained.

2. The Ministry has noticed several problems which are impeding the implementation of the Act in its letter and spirit, such as, convening of Gram Sabha meetings at the panchayat level in some cases, resulting in exclusion of smaller habitations not formally part of any village; non-recognition of un-hindered absolute rights over the minor forest produce (MFP) to forest dwellers; imposition of several restrictions, like, transit permit for transportation of MFPs, levy of fees, charges, royalties on sale of MFPs; exclusion of certain types of MFPs, in contravention of the definition of MFP given in the Act; continuance of monopoly in the trade of MFP, especially in the case of high value MFP, such as, tendu patta by the Forest Corporations in many States; non-recognition of other community rights, such as, nistar rights, conversion of all forest villages, old habitations, un-surveyed villages and other villages in forests, whether recorded, notified or not into revenue villages; non-recognition of community forest resource rights relating to protection, regeneration or conservation, or management of any community forest resources under Section 3(1)(i) of the Act; etc.

3. In many areas, the tribal people and other forest dwellers are reportedly facing harassment and threats of eviction from forest lands and forced relocation or displacement from the areas proposed for development projects without settlement of their rights or due compliance with safeguards in violation of the provisions of the Act. The claims are being rejected in some States as the officials are insisting on certain types of evidences and the new technology, such as, satellite imagery, is being used as the only form of evidence for consideration of a claim, instead of using the same to supplement the evidences submitted by the claimants in support of their claims. Inadequate

public awareness about the provisions of the Act, particularly the provisions relating to the filing of petitions by the persons aggrieved by the decisions of the authorities prescribed under the Act, inadequate training of the implementing officials etc. are also some of the reasons for non-implementation of the Act in its letter and spirit.

4. In order to address the above concerns and to ensure effective implementation of the Act, the Ministry has undertaken an exercise to arrive at certain provisions/ steps which will facilitate robust implementation of the Act. Certain guidelines as indicated in the Annexure to this letter are accordingly being issued for compliance by all the State Governments/ UT Administrations. It is requested that the enclosed guidelines may be brought to the notice of all the implementing agencies in your State/UT for strict compliance. This Ministry may also kindly be apprised of the action taken for operationalising these guidelines at an early date.

5. This issues with the approval of competent authority.

Yours faithfully,

**Guidelines on the implementation of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act 2006**

The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 seeks to recognize and vest the forest rights and occupation in forest land in forest dwelling Scheduled Tribes and other traditional forest dwellers who have been residing in such forests for generations but whose rights could not be recorded. The Act was notified for operation with effect from 31.12.2007 and the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Rules, 2008 for implementing the provisions of the Act were notified on 1.1.2008.

Over a period of last four years of implementation of the Act, some problems impeding the implementation of the Act in its letter and spirit have come to the notice of the Ministry of Tribal Affairs, such as, convening of Gram Sabha meetings at the Panchayat level resulting in exclusion of smaller habitations not formally part of any village; non-recognition of un-hindered rights over the minor forest produce (MFP) to forest dwellers; non-recognition of other community rights; harassment and eviction of forest dwellers without settlement of their forest rights; rejection of claims by insisting on certain types of evidences, inadequate awareness about the provisions of the Act and the Rules etc.

In order to address the above concerns and with a view to ensure effective implementation of the Act, the following guidelines are issued on various aspects of implementation of the Act for compliance by all the State Governments/UT Administrations:

**i) Process of Recognition of Rights:**

- (a) The State Governments should ensure that on receipt of intimation from the Forest Rights Committee, the officials of the Forest and Revenue Departments remain present during the verification of the claims and the evidence on the site.
- (b) In the event of modification or rejection of a claim by the Gram Sabha or by the Sub-Divisional Level Committee or the District Level Committee, the decision on the claim should be communicated to the claimant to enable the aggrieved person to prefer a petition to the Sub-Divisional Level Committee or the District Level Committee, as the case may be, within the sixty days period prescribed under the Act and no such petition should be disposed of against the aggrieved person, unless he has been given a reasonable opportunity to present his case.

- (c) The Sub-Divisional Level Committee or the District Level Committee should, if deemed necessary, remand the claim to the Gram Sabha for reconsideration instead of rejecting or modifying the same, in case the resolution or the recommendation of the Gram Sabha is found to be incomplete or prima-facie requires additional examination.
- d) In cases where the resolution passed by the Gram Sabha, recommending a claim, is upheld by Sub-Divisional Level Committee, but the same is not approved by the District Level Committee, the District Level Committee should record the reasons for not accepting the recommendations of the Gram Sabha and the Sub-Divisional Level Committee, in writing, and a copy of the order should be supplied to the claimant.
- (e) On completion of the process of settlement of rights and issue of titles as specified in Annexures II, III & IV of the Rules, the Revenue / Forest Departments shall prepare a final map of the forest land so vested and the concerned authorities shall incorporate the forest rights so vested in the revenue and forest records, as the case may be, within the prescribed cycle of record updation.
- (f) All decisions of the Sub-Divisional Level Committee and District Level Committee that involve modification or rejection of a Gram Sabha resolution/ recommendation should be in the form of speaking orders.
- (g) The Sub-Divisional Level Committee or the District Level Committee should not reject any claim accompanied by any two forms of evidences, specified in Rule 13, and recommended by the Gram Sabha, without giving reasons in writing and should not insist upon any particular form of evidence for consideration of a claim. Fine receipts, encroacher lists, primary offence reports, forest settlement reports, and similar documentation rooted in prior official exercises, or the lack thereof, would not be the sole basis for rejection of any claim.
- (h) Use of any technology, such as, satellite imagery, should be used to supplement evidences tendered by a claimant for consideration of the claim and not to replace other evidences submitted by him in support of his claim as the only form of evidence.
- (i) The status of all the claims, namely, the total number of claims filed, the number of claims approved by the District Level Committee for title, the number of titles actually distributed, the number of claims rejected, etc. should be made available at the village and panchayat levels through appropriate forms of communications, including conventional methods, such as, display of notices, beat of drum etc.
- (j) A question has been raised whether the four hectare limit specified in Section 4(6) of the Act, which provides for recognition of forest rights in respect of the land mentioned in clause (a) of sub-section (1) of section 3 of the Act, applies to other forest rights mentioned in Section 3(1) of the Act. It is clarified that the four hectare limit specified in Section 4(6) applies to rights under section 3(1)(a) of the Act only and not to any other right under section 3(1), such as conversion of pattas or leases, conversion of forest villages into revenue villages etc.

**ii) Minor Forest Produce:**

- (a) The State Government should ensure that the forest rights relating to MFPs under Section 3(1)(c) of the Act are recognized in respect of all MFPs, as defined under Section 2(i) of the Act, in all forest areas, and state policies are brought in alignment with the provisions of the Act. Section 2(i) of the Act defines the term “minor forest produce” to include “all non-timber produce of plant origin, including bamboo, brush wood, stumps, cane, tussar, cocoons, honey, wax, lac, tendu or kendu leaves, medicinal plants and herbs, roots, tubers, and the like”.
- (b) The monopoly of the Forest Corporations in the trade of MFP in many States, especially in case of high value MFP, such as, tendu patta, is against the spirit of the Act and should henceforth be done away with.
- (c) The forest right holders or their cooperatives/ federations should be allowed full freedom to sell such MFPs to anyone or to undertake individual or collective processing, value addition, marketing, for livelihood within and outside forest area by using locally appropriate means of transport.
- (d) The State Governments should exempt movement of all MFPs from the purview of the transit rules of the State Government and, for this purpose, the transit rules be amended suitably. Even a transit permit from Gram Sabha should not be required. Imposition of any fee/charges/royalties on the processing, value addition, marketing of MFP collected individually or collectively by the cooperatives/ federations of the rights holders would also be ultra vires of the Act.
- (e) The State Governments need to play the facilitating role in not only transferring unhindered absolute rights over MFP to forest dwelling Scheduled Tribes and other traditional forest dwellers but also in getting them remunerative prices for the MFP, collected and processed by them

**iii) Community Rights:**

- (a) The District Level Committee should ensure that the records of prior recorded nistari or other traditional community rights (such as Khatian part II in Jharkhand, and traditional forest produce rights in Himachal and Uttarakhand) are provided to Gram Sabhas, and if claims are filed for recognition of such age-old usufructory rights, such claims are not rejected except for valid reasons, to be recorded in writing, for denial of such recorded rights;
- (b) The District Level Committee should also facilitate the filing of claims by pastoralists before the concerned Gram Sabha (s) since they would be a floating population for the Gram Sabha(s) of the area used traditionally.
- (c) In view of the differential vulnerability of Particularly Vulnerable Tribal Groups (PTGs) amongst the forest dwellers, District Level Committee should play a pro-active role in ensuring that all PTGs receive habitat rights in consultation with the concerned PTGs’ traditional institutions and their claims for habitat rights are filed before the concerned Gram Sabhas.

- (d) The forest villages are very old entities, at times of pre- independent era, duly existing in the forest records. The establishment of these villages was in fact encouraged by the forest authorities in the pre-independent era for availability of labour within the forest areas. The well defined record of each forest village, including the area, number of inhabitants, etc. exists with the State Forest Departments. There are also unrecorded settlements and old habitations that are not in any Government record. Section 3(1)(h) of the Act recognizes the right of forest dwelling Scheduled Tribes and other traditional forest dwellers relating to settlement and conversion on forest villages, old habitation, un-surveyed villages and other villages and forests, whether recorded, notified or not into revenue villages. The conversion of all forest villages into revenue villages and recognition of the forest rights of the inhabitants thereof should actually have been completed immediately on enactment of the Act. The State Governments may, therefore, convert all such erstwhile forest villages, unrecorded settlements and old habitations into revenue villages with a sense of urgency in a time bound manner. The conversion would include the actual land-use of the village in its entirety, including lands required for current or future community uses, like, schools, health facilities, public spaces etc. Records of the forest villages maintained by the Forest Department may thereafter be suitably updated on recognition of this right.

**iv) Community Forest Resource Rights:**

- (a) The State Government should ensure that the forest rights under Section 3(1)(i) of the Act relating to protection, regeneration or conservation or management of any community forest resource, which forest dwellers might have traditionally been protecting and conserving for sustainable use, are recognized in all villages and the titles are issued as soon as the prescribed Forms for claiming Rights to Community Forest Resource and the Form of Title for Community Forest Resources are incorporated in the Rules. Any restriction, such as, time limit, on use of community forest resources other than what is traditionally imposed would be against the spirit of the Act.
- (b) In case no community forest resource rights are recognized in a village, the reasons for the same should be recorded. Reference can be made to existing records of community and joint forest management, van panchayats, etc. for this purpose.
- (c) The Gram Sabha would initially demarcate the boundaries of the community forest resource as defined in Section 2(a) of the Act for the purposes of filing claims for recognition of forest right under Section 3(1)(i) of the Act.
- (d) The Committees constituted under Rule 4(e) of the Forest Rights Rules, 2008 would work under the control of Gram Sabha. The State Agencies should facilitate this process.
- (e) Consequent upon the recognition of forest right in Section 3(i) of the Act to protect, regenerate or conserve or manage any community forest resource, the powers of the Gram Sabha would be in consonance with the duties as defined in Section 5(d), wherein the Gram Sabha is empowered to regulate access to community forest resources and stop any activity which adversely affects the wild

animals, forest and the bio-diversity. Any activity that prejudicially affects the wild-life, forest and bio-diversity in forest area would be dealt with under the provisions of the relevant Acts.

v) **Protection Against Eviction, Diversion of Forest Lands and Forced Relocation :**

- (a) Section 4(5) of the Act is very specific and provides that no member of a forest dwelling Scheduled Tribe or other traditional forest dwellers shall be evicted or removed from the forest land under his occupation till the recognition and verification procedure is complete. This clause is of an absolute nature and excludes all possibilities of eviction of forest dwelling Scheduled Tribes or other traditional forest dwellers without settlement of their forest rights as this Section opens with the words “Save as otherwise provided”. The rationale behind this protective clause against eviction is to ensure that in no case a forest dweller should be evicted without recognition of his rights as the same entitles him to a due compensation in case of eventuality of displacement in cases, where even after recognition of rights, a forest area is to be declared as inviolate for wildlife conservation or diverted for any other purpose. In any case, Section 4(1) has the effect of recognizing and vesting forest rights in eligible forest dwellers. Therefore, no eviction should take place till the process of recognition and vesting of forest rights under the Act is complete.
- (b) The Ministry of Environment & Forests, vide their letter No. 11- 9/1998-FC(pt.) dated 30.07.2009, as modified by their subsequent letter of the same number dated 03.08.2009, has issued directions, requiring the State/ UT Governments to enclose certain evidences relating to completion of the process of settlement of rights under the Scheduled Tribes and other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006, while formulating unconditional proposals for diversion of forest land for non-forest purposes under the Forest (Conservation) Act, 1980. The State Government should ensure that all diversions of forest land for non-forest purposes under the Forest (Conservation) Act, 1980 take place in compliance with the instructions contained in the Ministry of Environment & Forest’s letter dated 30.07.2009, as modified on 03.08.2009.
- (c) There may be some cases of major diversions of forest land for non-forest purposes under the Forest (Conservation) Act, 1980 after the enactment of the Scheduled Tribes and other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 but before the issue of Ministry of Environment & Forests’ letter dated 30.07.2009, referred to above. In case, any evictions of forest dwelling Scheduled Tribes and other traditional forest dwellers have taken place without settlement of their rights due to such major diversions of forest land under the Forest (Conservation) Act, 1980, the District Level Committees may be advised to bring such cases of evictions, if any, to the notice of the State Level Monitoring Committee for appropriate action against violation of the provisions contained in Section 4(5) of the Act.
- (d) The Act envisages the recognition and vesting of forest rights in forest dwelling Scheduled Tribes and other traditional forest dwellers over all forest lands, including National Parks and Sanctuaries. Under Section 2(b) of the Act, the Ministry of Environment & Forests is responsible for determination and

notification of critical wildlife habitats in the National Parks and Sanctuaries for the purpose of creating inviolate areas for wildlife conservation, as per the procedure laid down. In fact, the rights of the forest dwellers residing in the National Parks and Sanctuaries are required to be recognized without waiting of notification of critical wildlife habitats in these areas. Further, Section 4(2) of the Act provides for certain safeguards for protection of the forest rights of the forest rights holders recognized under the Act in the critical wildlife habitats of National Parks and Sanctuaries, when their rights are either to be modified or resettled for the purposes of creating inviolate areas for wildlife conservation. No exercise for modification of the rights of the forest dwellers or their resettlement from the National Parks and Sanctuaries can be undertaken, unless their rights have been recognized and vested under the Act. In view of the provisions of Section 4(5) of the Act, no eviction and resettlement is permissible from the National Parks and Sanctuaries till all the formalities relating to recognition and verification of their claims are completed. The State/ UT Governments may, therefore, ensure that the rights of the forest dwelling Scheduled Tribes and other traditional forest dwellers, residing in National Parks and Sanctuaries are recognized first before any exercise for modification of their rights or their resettlement, if necessary, is undertaken and no member of the forest dwelling Scheduled Tribe or other traditional forest dweller is evicted from such areas without the settlement of their rights and completion of all other actions required under section 4 (2) of the Act.

- (e) The State Level Monitoring Committee should monitor compliance of the provisions of Section 3(1)(m) of the Act, which recognizes the right to in situ rehabilitation including alternative land in cases where the forest dwelling Scheduled Tribes and other traditional forest dwellers have been illegally evicted or displaced from forest land without receiving their legal entitlement to rehabilitation, and also of the provisions of Section 4(8) of the Act, which recognizes their right to land when they are displaced from their dwelling and cultivation without land compensation due to State development interventions.

**vi) Awareness-Raising, Monitoring and Grievance Redressal :**

- (a) Each State should prepare suitable communication and training material in local language for effective implementation of the Act.
- (b) The State Nodal Agency should ensure that the Sub Divisional Level Committee and the District Level Committee make district-wise plans for trainings of revenue, forest and tribal welfare departments' field staff, officials, Forest Rights Committees and Panchayat representatives. Public meetings for awareness generation in those villages where process of recognition is not complete need to be held.
- (c) In order to generate awareness about the various provisions of the Act and the Rules, especially the process of filing petitions, the State Government should organize public hearings on local bazaar days or at other appropriate locations on a quarterly basis till the process of recognition is complete. It will be helpful if some members of Sub Divisional Level Committee are present in the public hearings. The Gram Sabhas also need to be actively involved in the task of awareness raising.

- (d) If any forest dwelling Scheduled Tribe in case of a dispute relating to a resolution of a Gram Sabha or Gram Sabha through a resolution against any higher authority or Committee or officer or member of such authority or Committee gives a notice as per Section 8 of the Act regarding contravention of any provision of the Act or any rule made thereunder concerning recognition of forest rights to the State Level Monitoring Committees, the State Level Monitoring Committee should hold an inquiry on the basis of the said notice within sixty days from the receipt of the notice and take action, if any, that is required. The complainant and the Gram Sabha should be informed about the outcome of the inquiry.
